Technical Assistant Posts are vital in all areas of the Board entrusted with specific task which cannot be carried out by other RWE category of employees. Such vital posts are having huge vacancies in all areas of the Board affecting the day to day works in both shift, maintenance and also special areas.

These vital posts were filled up during the direct recruitment in 2019 and Internal selection in 2020. Ever since there has been no action from the personnel management in filling up of these posts despite our intense representation and follow up. Huge number of posts around 2000 Nos. are lying vacant presently.

The matter was put forth to the respected Chairman cum Managing Director during the discussion held with us on 07.10.21 and we were assured of a positive action. We had reminded through our representation vide reference – 2 cited, yet the matter is still pending.
