The calling for was made based on our Sangam's persistent representations. The numerous applications received have been consolidated and finalized by the Personnel Administration. The selection process has been initiated an year before and it is now at the verge of completion.

In this regard we would like to add that quite huge number of Assistant Engineer posts are lying vacant affecting the day to day works in the field particularly the Section Offices and Generating Stations. Issuing of these Assistant Engineer promotions will hugely benefit our needs.

As ever few external forces under the instigation of an insider representing the Degree holding Engineering community has filed a case to disrupt these promotions. Personnel Administration has taken all efforts in averting these infiltrators who don't have any locus standi. We are very much thankful for the administration in this regard.
