To  
All the Superintending Engineer/  
Distribution Circles,  
TANGEDCO

Letter No.CFC/Rev/FC/R /D No. / 14 dt. 12/5/14

Sir,

Sub: LT Billing- delegation of powers to make DC&RC entries by IA/RS-  
Strict implementation- instructions issued- Reg.

**Ref:- Lr No. /TNEBES/F5/D188/14 dt. 16.4.14**

---:oOo:---

In the letter under reference it has been stated that the volume of works to be attended by section officers have increased to many folds. Maintaining uninterrupted power supply, carrying out field inspections, preparation of estimates, attending meetings of various natures at various offices and departments, attending mass raids, review meetings, court cases , etc are the important affairs of the section officers. Due to the above works the section offices could not be available always in the office.

b) Further it has been stated in the above reference that in the present system of DC & RC , the required entries are to be made only with the pass word of the section Officer. This results in problem relating to the reconnection of services when the section officer is away from the office. Hence requested to entrust the work to the Revenue Supervisor /Inspector of Assessment and to utilize their password for the purpose of DC&RC of services to avoid delay and to improve the consumer's satisfaction .

c) The above request has been analyzed in detail and decided to delegate the powers to the IA / RS to make the reconnection entry in the system for the Services which are kept disconnected upto 6 months, by using the RS/IA passwords.

d)However, for the Service Connections which are under disconnection for more than 6 months ,the Section officer has to check up the

premises and take necessary action by entering data using his/her password.

e)The inspecting authorities may verify and confirm the correctness of the above entries.

( By order of Director/Dist./TANGEDCO)
