PRESIDENT

**Er. A.ANTONYPADOVARAJ**

GENERAL SECRETARY

**Er. V. ASHOKKUMAR**

TREASURER

**Er. R.BADRINARAYANAN**

To

THE DIRECTOR / DISTRIBUTION,  
TANGEDCO,  
Chennai-600 002.

Lr.No.GS/TNEBES/F7 /D183 /2014,Dt.16.04.2014.

Sir,

Sub: Execution of extension / improvement schemes by Construction Wing –  
represented – Reg.

---

The section officers working in the O&M sections of distribution wing are overburdened due to various works added cumulatively day by day.

The work burden of the section officers has never reduced in spite of our repeated representations to the management and to fix the responsibilities for the officers and staff working in the distribution wing.

Under such circumstances the work of executing extension / improvement schemes have added burden to the section officers of the O&M section.

In rural areas, the O&M section officer is forced to take up works which involves erection of more than 100 poles. This naturally consumes the time of the section officer and adversely affects the routine maintenance works which is most essential.

In the settlement entered on revision of work allocation and staff pattern dt.9.1.2014, clause 17 deals with the staff pattern allotted for construction section / sub-division.

## Tamil Nadu Electricity Board Engineers' Sangam

Hence, we request the Director / Distribution to kindly direct the Chief Engineers / Superintending Engineers, of Distribution wing to form the construction section / sub-division with full staff strength as approved in the settlement to work independently throughout the state and to relieve the O&M / Section officers from the burden of execution of extension / improvement works.

Thanking you, Sir,

Yours sincerely,

  
( V. ASHOK KUMAR ) 16/11/14  
General Secretary.
