To

THE DIRECTOR / DISTRIBUTION,  
TANGEDCO,  
Chennai-600 002.

Lr.No.GS/TNEBES/F10 / D201 /2014,Dt.13.05.2014.

Sir,

Sub: Elec'y. – Posting of persons to unmanned sub-stations – urgent action – requested – Reg.

---

There are many unmanned sub-stations functioning in the Distribution Wing. Though they are said to be "unmanned" sub-stations, practically it needs man power to operate these sub stations to suit the present day-to-day load management.

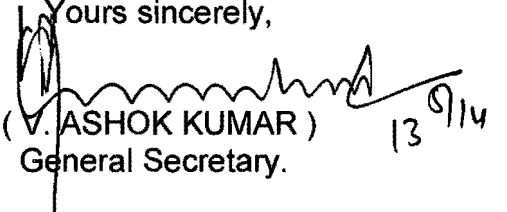

The O&M field staff strength, which is available in skeleton strength, is diverted to operate these unmanned sub-stations. Because of this, the routine works of the maintenance of power supply to the consumers gets affected.

As the summer has started, the load shedding and R&C measure has also started which causes more problems to the field engineers in maintaining this unmanned sub-stations.

Hence, we request the Director / Distribution to kindly order to post persons to operate these unmanned sub-stations independently than diverting staff from the O&M sections and not to disturb the routine works.

Thanking you, Sir,

Yours sincerely,

  
(V. ASHOK KUMAR)  
General Secretary. 13/5/14
