READ:

- 1) Minutes of the 133<sup>rd</sup> Board Meeting of TNPDCI held on 28.10.2025.
  - 2) This Office Letter No.047287/G.10/G.101/2025-1, dated 28.11.2025
  - 3) This Office Letter No.047287/G.10/G.101/2025-2, dated 28.11.2025
  - 4) Note file approved by the CMD/ TNPDCI on 02.07.2026.
- 

PROCEEDINGS:

The Proposals have been submitted before the Board of TNPDCI for sanction of necessary posts as per norms for the operation and maintenance of the Sub-Stations (33 kV, 110 kV, 230 kV, 400 kV & 765 kV Sub-Stations) newly commissioned in recent years across various Distribution Circles. The Board of TNPDCI in the 133<sup>rd</sup> Meeting held on 28.10.2025 has directed to send the proposals to Government. Accordingly, the proposals have been sent to the Government vide this office letters dated 28.11.2025, for obtaining prior approval from the Finance Department and the approval from the Government is awaited.

2) In the mean while, considering the recurring power failures reported from various areas of Tamil Nadu at present, causing inconvenience to the public and affecting domestic, commercial, industrial and essential service activities and based on the proposals received from the concerned Superintending Engineers, a separate proposal has been submitted for sanction of at least minimum required posts to the newly commissioned Sub-Stations so as to timely execution of preventive maintenance works and restoration of power supply during the break downs, particularly during the emergencies and adverse weather conditions.

3) After careful examination of the proposal, the CMD/ TNPDCI has accorded approval for sanction of only minimum required posts (i.e., 50% of posts against the number of posts as per norms) to the newly commissioned Sub-Stations on considering the present incidences of power failures and critical man power constraints.

4) Accordingly, approval is hereby accorded for sanction of minimum required posts for the operation and maintenance of the Sub-Stations newly commissioned in the recent years in various Distribution Circles as detailed below:-

**For 33 kV Sub-Stations: 139 Nos. (30 Nos. Indoor SS + 109 Outdoor SS)**

| Sl. No. | Name and no. of posts as per norms to be sanctioned | No. of minimum posts be sanctioned to each SS at present | Total No. of posts for 30 Nos. of Indoor SS | Total No. of posts for 109 Nos. of Outdoor SS |
|---------|-----------------------------------------------------|----------------------------------------------------------|---------------------------------------------|-----------------------------------------------|
| 1       | T.A. (For Indoor SS) 4                              | 2                                                        | 60                                          | -                                             |
| 2       | L.I. (For Outdoor SS) 4                             | 2                                                        | -                                           | 218                                           |
| 3       | Wireman 2                                           | 1                                                        | 30                                          | 109                                           |
